

## EU AID VOLUNTEER VACANCY

<b>POSITION</b>	Junior EU Aid Volunteer in Communication
<b>DEPLOYMENT DATES</b>	Mid-September 2022 – December 2022 (3 months)
<b>PLACE</b>	Aguachica, Departamento del César, Colombia

### CONTEXT AND PROJECT DESCRIPTION

**Movement for Peace – MPDL** (Spain) and **ADICE** (France) are non-profit organizations with extensive experience in the fields of development and humanitarian aid which are jointly implementing the project “Volunteering for Social Change: the value of EU Aid Volunteers for inequalities reduction and local resilience building” together with 8 other organizations in third countries.

The project aims at enhancing the EU capacity to provide needs-based humanitarian aid in vulnerable and disaster-affected communities in 8 countries: Colombia, Guatemala, Bolivia, Peru, Morocco, Jordan, Palestine and Lebanon.

The hosting organization for this position, **MPDL Colombia**, operates since 1997, accompanying victims of the conflict in the processes for their rights. MPDL Colombia has boosted the development of civilian's initiatives intended to transform structural circumstances behind the conflict, aiming to promote protection, restoration of rights and reparation of victims affected by the war as well as of the most vulnerable population. This extensive experience has enabled the consolidation of a comprehensive model of peace-building, benefiting about 8.000 people.

The intervention lines have been the following: community centres and housing improvement and rehabilitation; nutrition and food security; basic WASH; income creation; psychosocial attention and community development and legal assistance.

Over the years, project proposals have been adapted to displacements trends and the methodologies and approaches used have become more comprehensive and focused on protection, psychosocial attention, community organization and gender and rights approach with the aim of fostering intervention sustainability.

### OPERATIONAL AND SECURITY CONTEXT DETAILS

Movement for Peace – Colombia currently works in the Caribbean region (Cartagena and some municipalities of Montes de María), the Pacific regions (department of Nariño: Municipalities of Tumaco, Barbacoas and Francisco Pizarro); Magdalena Medio (Sur de Bolívar) and Bogotá. We carry our work in partnership with local organizations such as Corporación Humanas, Fundación

Hogar Juvenil, Asociación Manos Amigas, Red de empoderamiento de mujeres de Bolívar, Cruz Roja de Tumaco, Sisma Mujer o la Red Nacional de Mujeres, among others.

In our eagerness to promote a Culture of Peace, our intervention is based in the following lines:

1. Gender based Violence eradication: prevention, attention and promotion for the protection and comprehensive reparation of GBV victims.
2. Human Rights Defenders support: leaders' protection and auto-protection promotion and organizational processes strengthening.
3. Local sustainable development promotion: income and employability stimulation; political participation and active society building; actions for a healthy environment.
4. Protection of vulnerable groups in war contexts and migration crisis: prevention of youth forced recruitment, Human Rights violation linked to Venezuelan migration, etc.

Currently, MPDL Colombia is composed of a team of 13 people with extensive professional experience led by a Colombian professional and distributed in three main offices. MPDL Colombia headquarters are based in Cartagena.

The volunteer for this position will be based in Cartagena (Departamento de Bolivar). As part of his/her tasks, the volunteer will travel very often to other areas of the country where the organization implements its projects.

Although Colombia has recently signed a Peace Agreement with the main armed force in the country, the FARC-EP and there is an open dialogue with the ELN, up to date there are still some insecure situations and high risk in many areas of the country, mainly in the rural area.

To face the context above detailed, MPDL has a safety policy, protocol, plan and culture for its work in Colombia which is adapted to each area of the country and mandatory for MPDL staff (including volunteers).
